MANAGEMENT DISCUSSION AND ANALYSIS

INDUSTRY OUTLOOK

While global industrial production in 2012 dropped to its lowest level since 2009, global steel production reached a record high of 1.55 billion tones, by 1.2% as compared to 2011. The demand for steel from automobile, while goods and capital goods will remain muted throughout 2013, given the continued slowdown of Indian economy. Subdued steel prices and a slowdown in demand growth from china continued to weigh on the global steel sector in the past year. The past year proved to be a challenge for the steel industry with apparent steel usage increasing at the slowest rate since 2009. India Ratings expects profit margins in 2013 to remain broadly similar to 2012 levels. This is due to the persistent high cost of steel production and steel producers' limited ability to pass on higher costs due to subdued demand from end-user industries. The margin pressure will be higher on the producers with no captive raw material linkages.

Your Company has a vital role to play in the developing Economy, as the job orders of de-coiling, straightening, shearing and cutting of varies sizes of Iron and Steel Coils are on the increase during last couple of years.

Due to thrust on infrastructure development by the government of India the Company will continue to get orders on job work.

OPPORTUNITIES AND THREATS

The demand for steel in India is expected to rise 7% in the next financial year beginning April1 as compared to the sluggish 5.5% projected growth in 2012-13. The overall outlook for the steel sector is positive and the demand was likely to pick up in the next financial year on the back of revival in economic growth and the government's measures to ease infrastructure investment rule. In fiscal 2012-13, growth in domestic steel demand is expected to be around 5.5%. Total demand is expected to be around 75million tones, up from 71 million tons in 2011-12. In 2013 14, demand is expected to be higher at around seven percent. The steel production is expected to reach 200 million tons by 2020 as compared to 71 million tones recorded last year. In steel production, India is expected to leave behind USA and Japan in a couple of years. In 2013, it is forecast that world steel demand will grow further by 4.5% to around 1486 Mt. China's apparent steel use in 2012 and 2013 is to increase by 4% in both the years. For India, growth in apparent steel use is expected to grow by 6.9% in 2012 and by 9.4% in 2013. The WSA has projected that global apparent steel use will increase by 3.6% to 1422 MT in 2012, following growth of 5.6% in 2011.

RISKS AND CONCERNS

The steel industry is highly competitive with respect to price. In the 1990s, the world steel industry was adversely affected by excess worldwide production capacity, reflecting the decreasing demand for steel in western industrial countries and significant increases in steel production capacity in countries outside the Organization for Economic With Steel prices in India on a downside ride since the beginning of 2012, the industry now faces some serious issues. NCDEX steel has fallen from a high of Rs 34250/MT in early January to currently trade around Rs 31750/MT, a decline of more than 7%. The Rupee depreciation over much of the last year has been a boon for the Indian steel industry since it made steel imports very costly, which in turn meant that buyers resorted to domestic suppliers. But now with the Rupee gaining strength to near 49 from the previous 53, the industry now faces the threat from lower-priced imports. This has also renewed the possibility of steel dumping from producers- which means that producers try to sell their stocks at whatever price they can get in order to get rid of their inventories. Steel makers also face the prospect of higher Iron-ore prices in the coming months and this would squeeze their profit margins in a declining demand situation.

INTERNAL CONTROL SYSTEMS

The Company has engaged the services of expert consultant to streamline adequate internal control systems to ensure efficiency of machinery and the result is positive.

FINANCIAL PERFORMANCE

During the year under Report your Company achieved an Operating Income (from Job Work) of Rs.202.06 Lacs as against Rs. 461.25 Lacs in the previous year. Other Income earned during the year stood at Rs.65.10 lacs as against Rs. 51.78 lacs in the previous year. The Profit before Depreciation was Rs. 106.51 Lacs as against Rs. 313.22 Lacs in the previous year. The profit after Depreciation and Tax was Rs.78.53 Lacs as against Rs. 284.24 Lacs in the year ended 31st March, 2012.

Your Company continuous to be a zero debt Company and dividend paying Company. The Company has been paying Dividend from 2004 onwards.

The Members of RISHABH DIGHA STEEL AND ALLIED PRODUCTS LIMITED

1. We have audited the attached balance sheet of **Rishabh Digha Steel And Allied Products Limited**, as at 31st March 2013, the profit and loss account for the year ended on that date annexed thereto. These financial statements are the responsibility of the company's management. Our responsibility is to express an opinion on these financial statements based on our audit.
2. We conducted our audit in accordance with the auditing standards generally accepted in India. Those Standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.
3. As required by the Manufacturing and other Companies (Auditor's Report) order, 1988 issued by the Central Government of India in terms of sub-section (4A) of section 227 of the Companies Act, 1956, and as per the information and explanations furnished to us and the books and records examined by us in the normal course of audit. We enclose in the Annexure a statement on the matters specified in paragraphs 4 & 5 of the said order.
4. Further to our comments in the Annexure referred to above, we report that:
 - i) We have obtained all the information and explanations, which to the best of our knowledge and belief were necessary for the purpose of our audit.
 - ii) In our opinion, proper books of account as are required by law have been kept by the Company so far as appears from our examination of those books.
 - iii) The Balance Sheet, Profit and Loss account dealt with by this report are in agreement with the Books of accounts.
 - iv) In our opinion, the Balance Sheet, Profit and Loss Account dealt with by this report comply with the Accounting Standards referred to in sub-section (3C) of Section 211 of the Companies Act, 1956;
 - v) On the basis of written representations received from the directors, as on 31st March 2013 and taken on record by the Board of directors, we report that none of the directors is disqualified as on 31st March 2013 from being appointed as a director in terms of clause (g) of sub-section (1) of section 274 of the Companies Act, 1956;

vi) In our opinion and to the best of our information and according to the explanations given to us, the said accounts give the information required by the Companies Act, 1956, in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India:

- a) In the case of the balance sheet, of the state of affairs of the company as at 31st March 2013;
- b) in the case of the profit and loss account, of the profit for the year ended on that date; and

ACCOUNTING FOR THE YEAR ENDED 31ST MARCH 2013

SIGNIFICANT ACCOUNTING POLICIES (NOTE ' V ')

1) Basis of Preparation of Financial Statements

The financial statements are prepared under the historical cost convention with the generally accepted accounting principles in India and the provisions of the Companies Act, 1956.

2) Use of Estimates

The preparation of financial statements requires estimates and assumptions to be made that affect the reported amount of assets and liabilities on the date of the financial statements and the reported amount of revenues and expenses during the reporting period. Difference between the actual results and estimates are recognized in the period in which the results are known/ materialized.

3) Own Fixed Assets

Fixed Assets are stated at cost net of recoverable taxes and includes amounts added on revaluation, less accumulated depreciation and impairment loss, if any. All costs, including financing costs till commencement of commercial production, net charges on foreign exchange contracts and adjustments arising from exchange rate variations attributable to the fixed assets are capitalized.

4) Intangible Assets

Intangible Assets are stated at cost of acquisition net of recoverable taxes less accumulated amortization / depletion. All costs, including financing costs till commencement of commercial production, net charges on foreign exchange contracts and adjustments arising from exchange rate variations attributable to the intangible assets are capitalized.

5) Depreciation

Depreciation on fixed assets is provided to the extent of depreciable amount on Straight Line Method (SLM) at the rates and in the manner prescribed in Schedule XIV to the Companies Act, 1956.

6) Foreign Currency Transactions

(a) Transactions denominated in foreign currencies are recorded at the exchange rate prevailing on the date of the transaction or that approximates the actual rate at the date of the transaction.

(b) Monetary items denominated in foreign currencies at the year end are restated at year end rates. In case of items which are covered by forward exchange contracts, the difference between the year end rate and rate on the date of the contract is recognized as exchange difference and the premium paid on forward contracts is recognized over the life of the contract.

(c) Non monetary foreign currency items are carried at cost.

(d) Any income or expense on account of exchange difference either on settlement or on translation is recognized in the Profit and Loss account except in case of long term liabilities, where they relate to acquisition of fixed assets, in which case they are adjusted to the carrying cost of such assets.

7) Investments

Current investments are carried at lower of cost and quoted/fair value, computed category wise. Long Term Investments are stated at cost. Provision for diminution in the value of long-term investments is made only if such a decline is other than temporary.

8) Inventories

Items of inventories are measured at lower of cost and net realizable value after providing for obsolescence, if any.

9) Revenue Recognition

Revenue is recognized only when it can be reliably measured and it is reasonable to expect ultimate collection.

10) Borrowing Costs

Borrowing costs that are attributable to the acquisition or construction of qualifying assets are capitalized as part of the cost of such assets. A qualifying asset is one that necessarily takes substantial period of time to get ready for its intended use. All other borrowing costs are charged to Profit and Loss account.

11) Provision for Current and Deferred Tax

Provision for current tax is made after taking into consideration benefits admissible under the provisions of the Income-tax Act, 1961. Deferred tax resulting from "timing difference" between taxable and accounting income is accounted for using the tax rates and laws that are enacted or substantively enacted as on the balance sheet date. Deferred tax asset is recognized and carried forward only to the extent that there is a virtual certainty that the asset will be realized in future.

12) Provisions, Contingent Liabilities and Contingent Assets

Provisions involving substantial degree of estimation in measurement are recognized when there is a present obligation as a result of past events and it is probable that there will be an outflow of resources. Contingent Liabilities are not recognized but are disclosed in the notes. Contingent Assets are neither recognized nor disclosed in the financial statements.

13) Event Occurring after the date of Balance Sheet

There is no important events occurred after the date of the balance sheet which has a material effect on the profitability or the position of the company.

14) Going Concern

The financial statement have been prepared assuming that the company will continue as going concern.

15) Earning Per Share

Earning per share is calculated on distributable profits to equity share holders after providing for the preference share dividend if any this is in accordance with the AS-20.

16) Preliminary Expenses & Pre-operative expenses

Preliminary expenses are capitalized and is written off over a period of 5 years from the date company commences its business activities as per section 35D of the Income Tax Act 1961. Other expenses which are not termed as preliminary expenses are capitalized to the relevant fixed assets as this are the expenses which are incurred to bring the assets in operating conditions.

17) Figures have been regrouped and rearranged wherever found necessary.

18) Figures in brackets represent figures of previous year.

Signature to schedules 'A' to 'V' forming integral part of the Balance Sheet and Profit and Loss Account.
